PREFACE

Crawford County is located in central Georgia. It was created as the fifty-fifth county by the state legislature in 1822. The county was formed from the northwest portion of Houston County which had previously been created from Creek Indian land in 1821 using the land lottery system. Crawford County in 1824 lost a large part of its western portion when Upson County was formed. It later received small additions from Talbot and Macon counties. Since then the boundaries have remained mostly unchanged and to-day encompass an area of 313 square miles.

The county was named for William H. Crawford, a Georgian who was serving as U.S. Secretary of the Treasury in 1822. He was a jurist and a diplomat, and very nearly President of the United States.

Knoxville, the county seat, was named for General Henry Knox of Revolutionary War fame. The courthouse that was first built there, burned in February 1830. The early marriage records somehow survived the fire. In the early years, Knoxville was the hub of business and county activity. When the railroad was built within one mile of Knoxville, a station called Roberta was established which soon drew the business trade to that location. To-day Roberta is the largest county town.

Joanna Troutman is probably the most noted native of Crawford County. A monument to her stands on the courthouse square. She designed, made, and presented a flag to a group of middle Georgia volunteers en route to Texas to help fight for its independence from Mexico in 1833. With a reverse color change her "Lone Star Flag" was later adopted as the official state flag by the State of Texas.

Although the county lies within commuting distance of large job markets in Macon and Warner Robins, its industry remains primarily agriculture. It leads the state in the number of peach trees and together with pecans, they account for 60% of all farm income.

The county population in 1830 was 5314 and quickly rose to 7981 in 1840 and 8855 in 1850, as seen by the census reports contained herein. The county lay along the Macon and Montgomery Trail of the Creek Indians and as this and other trails turned into roads, emigrants poured into the county. Many came from the east Georgia counties of Washington, Wilkinson, Twiggs, etc. But many apparently moved on as other counties to the west were created. To-day the county population is near its beginning figure. The 1970 Federal Census shows the population at 5748.

On behalf of the Central Georgia Genealogical Society, I wish to express our appreciation to our member Mrs. Addie P. Howell for her assistance in abstracting the 1850 census. She has assisted in past publication projects and we are most grateful for her help.

We wish also to express our gratitude to the Trustees of the R. J. Taylor, Jr., Foundation who awarded our Society a grant to assist in the various non-labor costs of compiling these censuses and the publication costs. The Foundation also absorbed the expense for publishing thirty additional copies which they will distribute to various libraries within the United States.

INTRODUCTION

TO 1830 FEDERAL CENSUS

Abstracted and condensed from Federal Census Microfilm M19-0016. It was then edited for computer format and printing. The spelling of all names represents the interpretation of the Compiler of that written by the Enumerator, even if it appears incorrect.

The 1830 Federal Census used two pages of data for each Head of Family. To confine condensation to one line on one page the age brackets of slaves and free colored were not used.

Condensated Format:

1	2	3	4											5											6		
Order	Page	Head of Family	Free White Males											Free White Females											Remarks		
			Under 5	5-10	10-15	15-20	20-30	30-40	40-50	50-60	60-70	70-80	80-90	90-100	Over 100	Under 5	5-10	10-15	15-20	20-30	30-40	40-50	50-60	60-70	70-80	80-90	90-100

Interpretation of Format:

Column 1: Order of Enumeration (added by Compiler to simplify an index).
 Column 2: Census page number.
 Column 3: Name of Head of Family.
 Column 4: Number of Free White Males by age bracket.
 Column 5: Number of Free White Females by age bracket.
 Column 6: Remarks: Number of Slaves; Number of Free Colored; and Number of Blind.

Census Recapitulation:

INTRODUCTION

TO 1840 FEDERAL CENSUS

Abstracted and condensed from Federal Census Microfilm M704-0039. It was then edited for computer format and printing. The spelling of all names represents the interpretation of the Compiler of that written by the Enumerator, even if it appears incorrect.

The 1840 Federal Census used two pages of data for each Head of Family. To confine condensation to one line on one page, the age brackets of slaves and free colored were not used.

Condensed Format:

1	2	3	4											5											6					
Order	Free	Head of Family	Free White Males											Free White Females											Remarks					
			Under 5	5-10	10-15	15-20	20-30	30-40	40-50	50-60	60-70	70-80	80-90	90-100	Over 100	Under 5	5-10	10-15	15-20	20-30	30-40	40-50	50-60	60-70	70-80	80-90	90-100	Over 100	Slaves	Engaged in agriculture

Interpretation of Format:

Column 1: Order of Enumeration (added by Compiler to simplify an Index).
 Column 2: Census page number.
 Column 3: Name of Head of Family.
 Column 4: Number of Free White Males by age bracket.
 Column 5: Number of Free White Females by age bracket.
 Column 6: Remarks: Number of Slaves; Number engaged in agriculture; Number of Free Colored; Age of Revolutionary War pensioner (plus two shown under Census Recapitulation below); Number who can't read or write (Note: This was last column on page 2 and the edge of many pages were ragged and unreadable).

INTRODUCTION

TU 1850 FEDERAL CENSUS

Abstracted and condensed in rough draft from Federal Census Microfilm M432-0067 by Addie P. HOWELL. The draft was then edited for computer format and printing by William R. HENRY. It was later compared with a microfilm of the "Crawford County copy" of the 1850 Federal Census (population schedule and slave schedule) obtained from the Georgia State Archives. This "county copy" appeared to be the original copy and had several hundred first names spelled out that are only listed by initials on the "federal copy." Therefore the draft was reedited by Mr. HENRY to match the "county copy" except where pages were missing that contained the first 88 dwelling and family numbers.

Since the slave schedule had been enumerated in the same order of visitation as the population schedule, Mr. HENRY added the number of slave as column Nr. 10 to the draft. In a few cases the slave schedule provided the first name of the owner where initials had been used on both copies of the population schedule. During this addition the following slave owners were noted who were not listed in the population schedule and probably lived in a nearby county:

WOODWARD, J. L.	20	SMILEY, WILLIAM	2
RUTHERFORD, Wm. S.	31	LOCKETT, REBECCA	11
CARTER, JOHN	13		

The spelling of all names represents our interpretation of that written by the Enumerator even if it appears incorrect. There were a few differences in surname spelling on the "county copy" and the "federal copy." The following are some cases noted:

201 DREHER as DREIGHER on the "federal copy - slave schedule."
271 RUNELLS as REYNOLDS on the "federal copy - population schedule."
681,682,684, YAWN as YON on the "federal copy - population schedule."

Interpretation of Terms:

Column 1: Dwelling and Family Numbers (same) in order of visitation. If more than one surname appeared within the same number, we entered an "H" in "column 9, remarks" to indicate person listed on first line.
Column 2: Name of each person whose place of abode on 1 June 1850 was in this family.
Column 3: Age.
Column 4: Sex.
Column 5: Color other than White: B-Black, M-Mulatto.
Column 6: Profession, Occupation, or Trade - persons over 15 yrs. of age.
Column 7: Value of Real Estate owned.
Column 8: Place of birth.
Column 9: Remarks: B-Blind; D-Deaf & Dumb; H-Head of household; I-Insane or Idiotic; M-Married within the year; R-Cannot read or write; and S-School within the year.
Column 10: Number of slaves.

County Districts:

The entire county was listed as District No. 20 and was not further sub-divided. Enumeration began on 27 July 1850 and was completed on 14 November 1850. The pages of the "county copy" were not numbered but the "federal copy" was numbered from 381 through 432. A summary of population statistics was not given. However the totals for males and females were listed at the bottom of each page. The addition of these totals revealed:

White Males	2244	Free Colored Males	5	Total Slaves	4458
White Females	2140	Free Colored Females	8	Total Population	8855
Total White	4384	Total Free Color	13

CENTRAL GEORGIA GENEALOGICAL SOCIETY, INC.
POST OFFICE BOX 2024
WARNER ROBINS, GEORGIA 31099-2024

Non-Profit
Tax Exempt
Org. GA

ORGANIZATION: The CENTRAL GEORGIA GENEALOGICAL SOCIETY, Inc. was organized in October 1978 by James T. Martin of Warner Robins, Georgia. In February 1981 the Society was incorporated as a non-profit organization under the law of the State of Georgia. The U. S. Internal Revenue Service has determined that the Society is a tax-exemption organization under Section 501(c), U.S. Internal Revenue Code of 1954. The Society is governed by a Board of Directors consisting of the elected and appointed officers and six elected Directors.

GEOGRAPHICAL AREA: The Society's area of primary interest consists of twenty-seven contiguous counties located in central Georgia. They are: BALDWIN, BIBB, BLECKLEY, CRAWFORD, CRISP, DODGE, DOOLY, HOUSTON, JOHNSON, JONES, LAMAR, LAURENS, MACON, MONROE, MONTGOMERY, PEACH, PIKE, PULASKI, TAYLOR, TELFAIR, TREUTLEN, TWIGGS, UPSON, WASHINGTON, WHEELER, WILCOX, and WILKINSON.

PURPOSE: The purposes for which the corporation is organized are:

To collect, preserve and disseminate knowledge and information with reference to genealogical and related historical, biographical, and heraldic data;

To inculcate and promote interest in research in these fields;

To stimulate and provide instruction in the use of efficient methods and the adherence to principles of accuracy and thoroughness in research;

To champion ethical standards and to discourage and oppose incompetent and disreputable practices or researchers;

To foster careful documentation and otherwise promote scholarly writing;

To issue publications, and

To promote the collection and the preservation of local records which are of genealogical or historical value.

MEMBERSHIP: Membership in the Society is open to any person interested in promoting the objectives stated above. Annual dues are: \$15.00 for individual membership; \$20.00 for family membership (husband and wife, or two related persons in same household), and \$30.00 for sustaining membership (minimum - no maximum).

PUBLICATIONS: The Society publishes a monthly NEWSLETTER and a QUARTERLY. The QUARTERLY is published in March, June, September, and December and is mailed to all members in good standing. The Society exchanges quarterlies with a number of genealogical societies and mails free copies to selected libraries. QUERIES, from members only, are published in the QUARTERLY free of charge. There is no limit as to the number of queries which a member may submit. BOOK REVIEWS are published when a copy of the book has been received by the Society. These books then become part of the Society's permanent library. Members are encouraged to submit ARTICLES FOR PUBLICATION in the QUARTERLY, and extra long articles may be serialized. The QUARTERLY is not copyrighted and anyone is welcome to make proper use of the contents; however, the use of articles quoted from other published sources is prohibited without prior permission from the copyright holder. The Society, and authors of articles, will appreciate appropriate credit. The QUARTERLY is not sold by subscription. Current and back issues may be purchased from the Society, when available, within one year from date of publication for \$3.00 per issue — postpaid within the U.S. After one year, or earlier if stock is depleted, copies must be photocopied locally and the cost is \$4.00 per issue, postpaid within the U.S.

continued

TRAINING: Twice each year the Society conducts classes for beginning genealogists. These classes are free and available to members only.

WORKSHOP: The Society plans to hold an all day workshop once each year, complete with exhibits, for members and the public. The registration fee will be set to cover the Society's cost and will vary from year to year, depending upon prices charged for food, meeting facilities, speaker fees, etc.

PROJECTS: The Society undertakes special projects for preservation of genealogical and historical information. The Society, in cooperation with the University of Georgia, Athens, Georgia micro-filmed the "Houston Home Journal" newspaper and placed a complete set of films in the Nola Brantley Memorial Library, Warner Robins, Georgia. The Society also reprinted the "First 110 Years of Houston County, Georgia" a history of the county first published in 1932. Other projects, such as publishing county census records, are planned. Also bound copies of the Quarterly complete with a name index.

RESEARCH: From time to time the Society plans to offer special research services to the members. This will be on a limited basis and a small fee will be charged to produce income for the Society.

PROBLEM SOLVING: Members are invited to submit their genealogical problems for solution. When submitting a problem always state what you have tried to solve the problem. This is very important so that those things which you have tried, and found inadequate, will not be suggested as a possible solution. We will publish your problem, with one or more possible solutions when available, in the monthly NEWSLETTER. If we do not have a solution at the time we will publish your problem and ask for suggestions from our readers. This IS NOT an offer to do your research, but to suggest ways in which you might accomplish your research or solve other problems which you have. Problems should be typewritten, double spaced, one side of paper only, and each page should have the member's name and address thereon. When we publish a problem we will not show a member's name nor address — only the member's state of residence will be shown. Suggested solutions will be published ONLY IN THE NEWSLETTER — replies will not be made to individual submitting a problem. This is a free service for members only. Mail your problems to CCGS, Attn: Research Editor. The Publications Committee reserves the right to edit/rewrite problems received and to reject those considered inappropriate for publishing.

ADVERTISING: The Society accepts classified and display ads for publishing in the QUARTERLY. Only ads of genealogical/historical interest; including supplies and services, books and periodicals, educational programs and opportunities, workshop/seminar announcements, etc., will be accepted. CCGS will consider entering into reciprocal agreements with other genealogical organizations for publishing announcements pertaining to activities thereof. A display ad layout sheet, with cost for various size ads, is enclosed with each issue of the Quarterly.

MEETINGS: The Society holds regular monthly meetings with planned programs. In addition to the planned program, time permitting, a question and answer session is usually conducted for the benefit of members who have a problem with their research, or who has found a better way for accomplishing their work. Visitors and guests are always welcome to attend any regular meeting of the Society. Our current membership covers many states and we invite you to join our Society. For membership application write to the Corresponding Secretary at address shown above.
